Zeyad Mohammed

Junior Backend Developer

Address: Sohag, Egypt

Phone: +201026142051

Email : zeyadmohammed200493@gmail.com

LinkedIn: www.linkedin.com/in/zeyad-mohammed-dev

Objective

Junior Backend Developer with experience building backend systems using Node.js, Express, NestJS, and TypeScript. Skilled in designing RESTful APIs, authentication workflows, and working with MongoDB and SQL databases.

Education

Higher Technological Institute, 10th of Ramadan
Bachelor of Computer Science – Expected Graduation: 2027
GPA: 3.52 | 3rd Year Student

Internships

Backend Web Development Trainee at Route Academy, Cairo, Egypt (On-site)
June 2025 – December 2025

- Built backend applications using Node.js and Express with SQL (MySQL) and NoSQL (MongoDB) databases, implementing authentication, authorization, and RESTful APIs.

Projects

1. E-Commerce Backend API (NestJS)
   - GitHub - zeyad-mohammed-dev/nestjs-ecommerce-api
   - Built an e-commerce backend using NestJS and TypeScript. Implemented JWT authentication, role-based authorization, and OTP email verification with a modular architecture.

2. Social Media Backend API
   - GitHub - zeyad-mohammed-dev/SocialApp
   - Developed a social media backend with authentication, posts, comments, likes, and media uploads using AWS S3.

3. Saraha – Anonymous Messaging API
   - GitHub - zeyad-mohammed-dev/Saraha-App
   - Built a secure anonymous messaging backend with JWT authentication and OTP verification.

Technical Skills

- **Backend Development:** Node.js, Express.js, NestJS, RESTful APIs, Modular Architecture
- **Programming Languages:** JavaScript, TypeScript
- **Databases:** MongoDB, MySQL, Mongoose, Sequelize
- **Authentication & Security:** JWT, Refresh Tokens, OTP Verification, Bcrypt, Rate Limiting, CORS
- **Version Control:** Git, GitHub

Languages

- **Arabic:** Native
- **English:** Proficient
- **German:** Basic

Soft Skills

- Team Collaboration
- Problem Solving
- Time Management
- Communication
- Adaptability & Continuous Learning
